

Spelling Bee List

Dental professionals use these and many other such terms daily. Correct spelling is a must in an office committed to TQM (Total Quality Management). Consider having a spelling bee or other games to learn the meaning, pronunciation, and correct spelling of these and other words you choose to add. Note: The three columns are not related, i.e., acetaminophen is not a drug to treat amelogenesis imperfecta, etc.

Drug

acetaminophen
amoxicillin
amphetamine
Benzocaine
caffeine
calcium hydroxide
Carbocaine
Ceclor
chloral hydrate
codeine
diazepam
Dilantin
Durelon
epinephrine
erythromycin
ibuprofen
insulin
lidocaine
mepivacaine
midazolam
Motrin
Novocaine
Nystatin
oxycodone
penicillin
phenobarbital
Percocet
peroxide
Ritalin
Robital
Septra
sodium chloride
sodium fluoride
sulfa
tetanus vaccine
tetracycline
Tylenol
Valium
Versed
Xylocaine

Physical Condition

amelogenesis imperfecta
aphthous ulcer
asthma
autism
sutistic
cleft palate
dentinogenesis imperfecta
diabetes
diabetic
diarrhea
Downs Syndrome
dystrophic calcification
ectodermal dysplasia
epileptic
gingivitis
hepatitis
herpes
herpetic gingivostomatitis
hemophilia
hemophiliac
hydrocephalic shunt
hyperplasia
leukemia
muscular dystrophy
osteogenesis imperfecta
scoliosis
seizures
sickle cell anemia
spina bifida
temporo mandibular
tetanus
Tetralogy of Fallot
thyroid
VonWillebrand's Disease

General Terminology

allergies
abrasion
abscess
alveolar
alveolus
analgesia
antibiotic
anesthesia
amalgam
auxiliary
calcium
cervical
chemotherapy
composite
contagious
enamel
enameloplasty
fluoride
hemorrhage
hygiene
hygienist
hypercalcification
hypocalcification
incisor
labial frenum
mandibular
maxillary
mucosa
occlusion
palliative
percussion
pulpectomy
pulpotomy
radiolucency
vaccines
sealant
traumatic
